HARDY TREES

—FOR—

LONG ISLAND

Result of Proper Planting

OAK PARK NURSERIES

Leslie H. MacRobbie, *Proprietor*

PATCHOGUE, LONG ISLAND, N. Y.

NOTICE

Please note our change of post office address.
It is now East Patchogue, N. Y.

An Invitation to Oak Park Nurseries

Those who are interested in the beauty of trees and plants out-of-doors are always cordially welcome to our nurseries, whether you wish to purchase or not. Excellent roads from the East and the West along "The Sunrise Trail" lead to East Patchogue, and offer inviting trips to visitors in motor cars. From the North side of Long Island a splendid state road connects Patchogue with Port Jefferson. Train connections over the Montauk Division of the Long Island Railroad make Patchogue a two-hour run out from New York. Our office and main nurseries are on the Merrick Road, towards Bellport, one mile east from the village of Patchogue. On account of our remarkable growth, we require increased facilities, so we are gradually moving our nurseries one-half mile farther East. Our office and sales grounds, however, will remain in the present location for the current season. Our new grounds, when completely developed, with splendid soil, joined to the natural advantages of the situation, should make a garden spot unparalleled on Long Island.

General Directions For Ordering and Our Business Terms

In ordering, always give explicit directions as to address, mode of shipment, and time of delivery. We will otherwise use our best judgment, and forward at the most favorable time, and by the most economical route. Practically all of our deliveries will be made by our trucks, this being by far the most satisfactory way. All prices are based on stock at our nurseries, with delivery charges extra at cost, unless otherwise arranged for at time of sale. We guarantee our stock to be free from disease and true to name, and will replace any that may prove otherwise, or refund the purchase price. Beyond that, we assume no responsibility. We guarantee our stock to be in good condition when delivered to our customers, but we do not guarantee that such stock will live and grow, it being impossible to control the after-care or weather conditions affecting the newly-transplanted tree. On Sundays no shipping or deliveries of any kind will be made. On account of the shortness of our shipping season, however, and the fact that many of our customers are at their country homes only on Sundays, at that time of year, our office will be open, and we will gladly show you over our nurseries, or will keep an appointment with you at your home. Our residence, office and shipping departments are connected by telephone, and you can always reach us by calling Patchogue 232.

Planting Seasons

Our planting seasons are usually as follows, depending somewhat on the season and prevailing weather conditions:

For evergreens, from the time the frost leaves the ground in latter March until the middle of June, though early planting is much preferred to that done as late as June, except in the cases of some evergreens which can be moved more or less satisfactorily all during the Summer months. In the Fall we commence shipping evergreens about the middle of August, continuing until the middle of October, or even later if the season is late or mild.

For deciduous trees, shrubs, fruit trees, and all general nursery stock except evergreens, we commence shipping in latter March, continuing until about the middle of May. In the Fall we commence again about the middle of October and can keep on successfully until hard freezing of the ground in December.

Respectfully yours,

OAK PARK NURSERIES

Leslie H. MacRobbie

EAST PATCHOGUE, LONG ISLAND, N. Y.

Evergreens

THIS group includes a wide assortment of the most decorative varieties of plants grown, and have the features most desirable for obtaining the best effects for all purposes.

The faster growing kinds, such as many of the Pines, Firs and Hemlocks, are excellent for borders, windbreaks or backgrounds for trees and flowering shrubs.

The slow growing kinds of different shades of blue, yellow and green are best suited for foundation or group planting.

ABIES. Fir

Abies balsamea (Balsam Fir).

	Each
1½ to 2 ft.	\$ 1.50

Evergreen Shrubs

THE main beauty of this group of plants is their double characteristic of evergreen foliage and showy bright colored flowers. The dwarf azaleas especially present in the Spring solid masses of intense red and purplish blooms which never fail to attract attention.

They may be used with excellent effect as a border for evergreen plantings or as individual specimens.

ANDROMEDA

Andromeda floribunda (Lily of the Valley Shrub). Flowers in large white panicles blooming in early Spring.

6 to 7 ft.	2.00
7 to 8 ft.	2.50

M. Lennei (Lenne's Magnolia). A valuable variety on account of its unusual reddish purple flowers.

Each	
18 to 24 in.	\$ 3.00
2 to 3 ft.	4.00
3 to 4 ft.	6.50
4 to 5 ft.	10.00

M. Soulangeana (Soulange's Magnolia). One of the most popular of the Magnolias blooming abundantly even when quite small. Flowers, large, pink on the outside of the petal and white on the inside, appearing about the last week of April. A vigorous grower under the right conditions and may be grown either as a tree or shrub.

Each	
1 to 2 ft.	\$ 3.00
2 to 3 ft.	4.00
3 to 4 ft.	6.00
4 to 5 ft.	9.00
5 to 6 ft.	15.00

MAGNOLIA—Continued

- M. Hal'eana stellata** (Hall's Starry Magnolia). A bushy dwarf growing shrub with semi-double white blossoms, very fragrant, appearing early in April.
- | | |
|------------------|---------|
| | Each |
| 1 to 1½ ft. | \$ 4.50 |
| 1½ to 2 ft. | 6.00 |
| 2 to 2½ ft. | 8.00 |
| 2½ to 3 ft. | 10.00 |
- M. tripeolata** (Large Leaf Magnolia). A large growing variety with unusually large leaves and white blossoms.
- | | |
|-----------------|---------|
| | Each |
| 3 to 4 ft. | \$ 1.50 |
| 4 to 5 ft. | 2.00 |
| 5 to 6 ft. | 2.50 |

MALUS. Flowering Crab

- Malus angustifolia** (Bechtel's Double Flowering Crab). Large rosy pink.
- | | |
|-----------------|---------|
| | Each |
| 3 to 4 ft. | \$ 1.50 |
| 4 to 5 ft. | 2.50 |
| 5 to 6 ft. | 4.00 |
| 6 to 8 ft. | 5.00 |
- M. angustifolia rosea plena** (Double Flowering Crab). Large, double, light pink.
- | | |
|-----------------|---------|
| | Each |
| 3 to 4 ft. | \$ 1.00 |
| 4 to 5 ft. | 1.25 |
| 5 to 6 ft. | 1.50 |
| 6 to 8 ft. | 2.50 |
- M. floribunda atropurpurea** (Japanese Flowering Crab). Single Crimson.

Deciduous Shrubs

THROUGHOUT the Spring and Summer, a good assortment of flowering shrubs presents a delightful succession of fragrant flowers in many shades of color. Many varieties have red or blue berries after the flowers are gone. Even when the foliage has dropped in Winter, they still present an attractive appearance with their graceful branches and varicolored bark.

ALTHEA. Rose of Sharon**Althea** (Rose of Sharon). Single and double flowering in red, pink, white and variegated leaf.

	Each
1½ to 2 ft.	\$.35
2 to 3 ft.50
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.50
6 to 7 ft.	2.00

Althea (Rose of Sharon). Tree form. Pink, white and lavender.

	Each
4 to 5 ft.	\$ 1.00
5 to 6 ft.	1.50
6 to 7 ft.	2.00

ARONIA. Chokeberry**Aronia arbutifolia** (Chokeberry).

	Each
2 to 3 ft.	\$.60
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.50
6 to 8 ft.	2.00

AZALEA**Azalea arborescens** (Fragrant White Azalea).

	Each
12 to 18 in.	\$ 1.75
18 to 24 in.	2.25

A. calendulacea (Flame Azalea). All shades of yellow and brick red.

	Each
1½ to 2 ft.	\$ 1.50
2 to 3 ft.	2.00
3 to 4 ft.	2.50

A. Mollis (Japanese Azalea). Of dwarf bushy habit with gorgeous orange and yellow flowers appearing in clusters on the ends of the shoots about the middle of May.

	Each
12 to 15 in.	\$ 2.00
15 to 18 in.	3.00
18 to 24 in.	4.00
24 to 30 in.	5.00

A. nudiflorum (Pinkster Flower). (Nursery grown). Deep pink flowers in April and May. Suitable for moist places.

	Each
12 to 18 in.	\$ 1.75
18 to 24 in.	2.25

A. nudiflorum (Pinkster Flower). (Collected.)

	Each
18 to 24 in.	\$ 1.25
2 to 3 ft.	1.50
3 to 4 ft.	2.00

A. Pontica (Hardy Ghent Azalea). Brilliant flowers appearing in April in a variety of colors, including white, yellow, orange and red.

	Each
15 to 18 in.	\$ 3.00
18 to 21 in.	4.00
21 to 24 in.	5.00

A. roseum (Fragrant Blush Azalea). In May, just as the leaves appear, it has very fragrant deep pink flowers in profusion.

	Each
1½ to 2 ft.	\$ 1.50
2 to 3 ft.	2.00
3 to 4 ft.	2.50

AZALEA—Continued

A. Rustica. Pink and brick red.	
	Each
12 to 15 in.	\$ 2.00
15 to 18 in.	3.00
18 to 21 in.	4.00
21 to 24 in.	5.00
A. viscosa (Swamp Honeysuckle). Fragrant white flowers in July.	
	Each
12 to 18 in.	\$ 2.00
18 to 24 in.	2.50

BERBERIS. Barberry

Berberis Box (Box Barberry). A dwarf form of Thunberg's Japanese Barberry.	
	Each
6 to 10 in.	\$.35
10 to 12 in.50
12 to 15 in.	1.00
B. Thunbergii (Japanese Barberry).	
	Each

1 to 1½ ft.	\$.40
1½ to 2 ft.50
2 to 3 ft.75
3 to 3½ ft.	1.00

(See "Hedge Plants" for quantity rates.)

B. vulgaris (Common European Barberry).	
	Each
2½ to 3 ft.	\$.40
3 to 4 ft.50
4 to 5 ft.75
B. vulgaris purpureum (Purple Leaf Barberry).	
	Each

2½ to 3 ft.	\$.50
3 to 3½ ft.60
3½ to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.25

BUDDLEYA. Butterfly Bush**Buddleya variabilis Veitchii** (Butterfly Bush or Summer Lilac).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

CALYCANTHUS. Sweet Scented Shrub

Old-fashioned shrubs with chocolate-colored blossoms valued for the peculiar fragrance of the leaves when crushed.

Calycanthus praecox.

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75

C. Floridus.

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75

CALLICARPA**Callicarpa purpurea** (Purple fruited Calli-carpa). Valuable for the clusters of bright purple berries borne in the early Fall.

CALLICARPA PURPUREA—Continued

	Each
1 ½ to 2 ft.	\$.50
2 to 3 ft.60
3 to 4 ft.75

CHIONANTHUS. White Fringe**Chionanthus Virginica** (White Fringe). Attractive on account of its large dark green leaves and drooping panicles of white fringe-like flowers in May and June.

	Each
2 to 3 ft.	\$ 1.00
3 to 4 ft.	2.00
4 to 5 ft.	3.00
5 to 6 ft.	5.00

CLETHRA. Sweet Pepper Bush**Clethra alnifolia** (Sweet Pepper Bush). A native of this section, bearing abundant spikes of fragrant yellowish white flowers in the late summer.

	Each
18 to 14 in.	\$.35
2 to 3 ft.50
3 to 4 ft.75

CORCHORUS. Kerria**Corchorus Japonica** (Single flowering Japanese Kerria). A slender green-branched shrub with bright yellow flowers blooming from June to October.

	Each
18 to 24 in.	\$.35
2 to 3 ft.50
3 to 4 ft.75

C. Japonica flore plena (Double Flowering Japanese Kerria).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75

CORNUS. Dogwood**Cornus aurea Spaethi** (Yellow variegated Leaf Dogwood).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

C. albo-marginatus (Silver-margined Leaf Dogwood).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

C. elegantissima (Silver-margined Leaf Dogwood).

	Each
1½ to 2 ft.	\$.50
2 to 2½ ft.75
2½ to 3 ft.	1.00

C. sanguinea (European Red-branched Dogwood).

	Each
3 to 4 ft.	\$.50
4 to 5 ft.75
5 to 6 ft.	1.00

CORYLUS. Hazelnut

Corylus maxima purpurea (Purple Leaf Filbert).

	Each
1½ to 2 ft.	\$ 1.00
2 to 3 ft.	1.25

CRATAEGUS. Hawthorn

The Hawthorns have many excellent qualities. Handsome foliage and abundance of flowers in April and May and a display of bright berries in the Fall. Fine for hedging or for single specimens.

Crataegus cordata (Washington Thorn). A very fine variety, flowering in June and bearing clusters of bright red berries in the Fall.

	Each
3 to 4 ft.	\$.75
4 to 5 ft.	1.00
5 to 6 ft.	1.25

C. *Crus-galli* (Cockspur Thorn). The foliage of this variety turns to a brilliant orange and red color in the Fall. Has long sharp spurs on the branches.

	Each
3 to 4 ft.	\$.75
4 to 5 ft.	1.00
5 to 6 ft.	1.25

C. *oxycantha*. Double flowering. Red and white.

	Each
3 to 4 ft.	\$.75
4 to 5 ft.	1.00
5 to 6 ft.	1.25

C. *oxycantha coccinea* (Scarlet-fruited Thorn). White flowers in the Spring followed by scarlet fruits.

	Each
3 to 4 ft.	\$ 1.00
4 to 5 ft.	1.50
5 to 6 ft.	2.50

C. *oxycantha coccinea flore plena* (Paul's Double Scarlet Thorn). Large double crimson flowers.

	Each
2 to 3 ft.	\$.75
3 to 4 ft.	1.00
4 to 5 ft.	1.50
5 to 6 ft.	2.50
6 to 8 ft.	3.50

C. *oxycantha rubra* (Red flowering Hawthorn).

	Each
5 to 6 ft.	\$ 1.25
6 to 8 ft.	1.75

CYDONIA. Japan Quince

Cydonia Japonica Maulei (Dwarf Yellowish Red flowering Japan Quince).

	Each
1½ to 2 ft.	\$.50
2 to 3 ft.75
3 to 4 ft.	1.00

C. *Japonica rosea plena* (Pink flowering Japan Quince).

	Each
1½ to 2 ft.	\$.35
2 to 3 ft.50
3 to 4 ft.75

C. *Japonica rubra* (Red flowering Japan Quince).

	Each
1½ to 2 ft.	\$.35
2 to 3 ft.50
3 to 4 ft.75

CYTISUS

Cytisus Laburnum (Golden Chain). A small tree bearing long pendant racemes of yellow flowers in the early summer.

	Each
3 to 4 ft.	\$.50
4 to 5 ft.75
5 to 6 ft.	1.00
6 to 7 ft.	1.25

DESMODIUM

Desmodium penduliflorum (Purple Bush Clover).

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75

DEUTZIA

Deutzia candidissima (Double White flowering Deutzia).

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75

D. *gracillis* (Dwarf Deutzia). In May, the small white delicate flowers completely cover the plant. Especially valuable for the border.

	Each
10 to 12 in.	\$.25
12 to 18 in.35
18 to 24 in.50
2 to 3 ft.75

D. *Lemoinei* (Lemoine's Deutzia). An early bloomer, bearing pure white flowers on upright stems.

	Each
2 to 3 ft.	\$.60
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.50

D. *Pride of Rochester*. Flowers very double, tinged with pink on the outside of the petals.

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75
5 to 6 ft.	1.25
6 to 8 ft.	1.50

ELEAGNUS**Eleagnus edulis** (Edible fruit).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

E. longipes (Silver Thorn). Silver tinted on the under side of the leaf. Very ornamental reddish brown bark in winter and bright yellow flowers in June.

	Each
18 to 24 in.	\$.35
2 to 3 ft.50
3 to 4 ft.75
4 to 5 ft.	1.00

EUONYMUS**Euonymus alatus** (Cork-barked Euonymus).

	Each
18 to 24 in.	\$.50
2 to 3 ft.75
3 to 4 ft.	1.00

6 to 7 ft.	2.00

Hedge Plants

HEDGE PLANTS have their most practical value for marking boundaries and screening unsightly objects from view and become very ornamental as well, by a little attention applied at the right time.

California Privet is most generally used for hedges, being a fast grower, very hardy and adaptable to shearing.

Japanese Barberry is best used where the location is sandy or shady. Its red berries in the Fall add to its value as an ornamental hedge plant.

Roses

THE right assortment of roses planted in a loamy soil thoroughly spaded over to a depth of 18 inches to two feet and well fertilized with rotted cow manure will bring surprising results and afford a pleasure to the owner that cannot be excelled for beauty and fragrance of flowers. Roses rightfully stand first among the hardy flowers and should be a part of every home garden.

Hybrid Perpetuals

2 year	\$1.00 each	\$10.00 doz.
3 year	1.25 each	12.50 doz.

Except where otherwise noted.

American Beauty. An everblooming variety of deep rose color, fine shape and very double.

Coquette des Alpes. Blush white.

Coquette des Blanches. Creamy white.

Frau Karl Druschki. Flowers extra large and pure white. 2 yr., \$1.00 each; 3 yr., \$1.25 each.

General Jacqueminot. Scarlet.

Heinrich Munch. Same as Frau Karl Druschki except that flowers are pink. 2 yr., \$1.00 each; 3 yr., \$1.25 each.

Magna Carta. Extra large, very double. A profuse bloomer with reddish pink blossoms.

Mrs. J. H. Laing. Very fragrant. Soft, delicate pink color with a satin tinge. One of the finest of this class. 2 yr., \$1.00 each; 3 yr., \$1.25 each.

Queen Beatrice. Silvery Rose.

Hybrid Teas

2 yr.	\$1.00 each	\$10.00 doz.
3 yr.	1.25 each	12.50 doz.

Except where otherwise noted.

Antoine Revoire. Salmon Yellow.

Columbia. Pink. 2 yr., \$1.00 each.

Duchess of Wellington. Saffron yellow, stained rich crimson.

General MacArthur. Bright crimson; very fragrant.

Gruss an Teplitz. A free, strong grower, everblooming, of a rich scarlet color.

Hadley. One of the best of the new varieties. Color, a deep crimson.

Jonkherr J. L. Mock. Brilliant carmine. A strong, vigorous grower.

Juliet. A distinct variety with petals the color of old gold on the outside and rosy red on the inside changing to rose pink as flowers expand.

Kaiserin Augusta Victoria. Large white blossom. Beautifully shaped buds borne on long stems.

Killarney Pink. 2 yr., \$1.00 each; 3 yr., \$1.25 each.

Killarney White. 2 yr., \$1.00 each; 3 yr., \$1.25 each.

LaFrance. Large silvery pink flowers. Very fragrant.

Los Angeles. One of the finest roses ever introduced. Long pointed buds expanding into immense blooms of vivid pink, shaded with yellow at the base of the petals. Intensely fragrant and a vigorous grower. 2 yr., \$1.50 each.

Lady Hillingdon. Yellow. 2 yr., \$1.00 each.

Lady Alice Stanley. Pink.

Mrs. Aaron Ward. Yellow. 2 yr., \$1.00 each.

My Maryland. A free blooming variety especially beautiful in the bud. Color, an intense pink.

Mrs. Wakefield Christy Miller. Blush, shaded salmon.

Ophelia. Salmon pink shading to rose. Very floriferous.

Radiance. Salmon pink.

Radiance. Red.

Soliel d'Or. A very vigorous grower. Flowers large and globular. Color, reddish gold. 2 yr., \$1.00 each; 3 yr., \$1.25 each.

Sunburst. Rich yellow. 2 yr., \$1.00 each; 3 yr., \$1.25 each.

Standard or Tree Roses

3 to 4 ft. stem....\$2.00 each \$22.50 doz.

Baby Rambler. Dark Pink.

Dean Hole. Light carmine, shaded rose, old gold at base of petals.

Frau Karl Druschki. Extra large pure white.

Gruss an Teplitz. Scarlet.

Kaiserin Augustin Victoria. Large white.

Killarney. Pink.

Lady Hillingdon. Deep apricot yellow.

Los Angeles. Flame pink shaded with gold.

Mme. Caroline Testout. Pink.

Ophelia. Salmon Pink.

Paul Neyron. Pink shading to rose.

Pink Kaiserin Augusta Victoria

Radiance. Carmine pink, yellow at base of petals.

Sunburst. Rich yellow, shaded coppery rose.

Ulrich Brunner. Crimson.

Climbing Roses

Especially adapted for covering trellises, pergolas or embankments. Roses of this class bloom mostly in clusters.

	Each	Doz.	Per 100

Rosa rubiginosa (Sweet Brier). Fragrant foliage and small pink blossoms in June followed by bright berries. Each

2 to 3 ft.\$.40

3 to 4 ft.50

4 to 5 ft.75

Sir Thomas Lipton. White, double. 2 yr., \$1.00 each. Everblooming.

Vines and Climbers

FOR quick results in covering the bare sides and softening the sharp angles of buildings, hiding unsightly fences, beautifying and shading porches, bowers and summer houses, vines and climbers are the thing. They mature quickly and, in most cases, bloom prolifically and have a wealth of luxuriant foliage and bright, fragrant flowers.

AMPELOPSIS. Ivy

Ampelopsis heterophylla (Variegated Grape). Deeply lobed leaves blotched with white and pink. Clusters of blue berries.

	Each
Medium	\$.50
Large75

A. quinquefolia (Virginia Creeper).

	Each

Perennials

THE old-fashioned garden planted wisely keeps the table and house constantly supplied with cut flowers. Perennial flowers may be planted almost anywhere and there are varieties for every location: rockeries, moist places, under partial shade, foregrounds for shrubby borders and for low or partial screening. No other class of plants offers the variety as to color and shape of blooms as the perennials do, and are a source of constant satisfaction to the garden lover.

25c each; \$2.50 per doz.; \$20.00 per 100. Extra large, 35c each; \$3.50 per doz.; \$25.00 per 100. Except where otherwise noted.

ACHILLEA**Achillea** (The Pearl). Small double white blossoms. 2 feet.**A. Ptarmica Boule de Nieve** (Ball of Snow).

Small double white blossoms. Blooms all summer. 2 feet.

ALTHEA. Hollyhock

Althea-Hollyhock in shades of red, white pink and yellow. Double and single.

ANCHUSA

Anchusa Italica, Dropmore variety. (Sea Bugloss). Intense blue flowers on branched stems growing to a height of 4 feet. May-July.

ANEMONE. Japanese Windflower

Anemone Japonica alba. Large white flowers. September. 2 feet.

A. *Japonica rosea*. Large pink flowers. September. 3 feet.

A. *Queen Charlotte*. Large semi-double, silvery pink blooms. September. 2 feet.

AQUILEGIA. Columbine

Aquilegia in blue, pink, red and white flowering varieties blooming in the Spring. 30 inches.

A. *Chrysantha*. Yellow. 3 to 4 feet.

A. Gold Medal hybrids. 30 inches.

A. Long spurred pink hybrids. 30 inches.

A. *Nivea* Gfl. Pure white.

ASTER

Aster Feltham blue. Flowers a pretty shade of blue in August and September. 30 in. 30c each. \$3.00 doz.

A. *Grandiflora* (Michaelmas Daisy). Dark bluish violet blossoms in the late Fall.

A. *Novea Anglia* (New England Aster). Large violet purple flowers, free blooming in the Fall.

A. *Tataricus*. Tall growing with large coarse leaves and blue flowers. Fall.

AGROSTEMMA

Agrostemma coronaria atrosanguinea (Mullein Pink). Rosy crimson flowers on wooly stems with leathery leaves.

ALYSSUM

Alyssum saxatile. (Gold Dust). Flat heads of golden yellow flowers in the early Spring. 1 foot.

ANTHEMIS

Anthemis Kelwayii (Golden Marguerite). Flowers, deep yellow and fine cut foliage. Blooms all summer. 3 feet.

BOLTONIA

Boltonia latisquama (False Starwort). Pinkish lavender flowers in August. 4 to 6 feet.

CAMPANULA

Campanula media (Canterbury Bells). Panicles of bell-shaped flowers in blue and white, single and double, blooming in early summer. 3 feet.

CENTAUREA

Centaurea Montana (Blue Cornflower). Blooms all summer. 18 in.

C. *Montana alba* (White Cornflower).

C. *macrocephala* (Great Knapweed). Yellow blooms, 3 to 4 ft. high. July.

CHRYSANTHEMUM

Hardy varieties in various colors blooming in late Fall.

POMPON VARIETIES

Golden Climax. Yellow.

Julia. Red.

Klondike. Yellow.

Nio. White.

Tennyson. Pink.

LARGE FLOWERING VARIETIES

Comoleta. Yellow.

Lucifer. Ox blood red.

Mrs. Roberts. Rose Pink.

Oonto. Pure white.

CONVALLARIA. Lily of the Valley

Convallaria majalis (Lily of the Valley).

COREOPSIS

Coreopsis Grandiflora (Tickseed). Large yellow flowers on long stems, 2 to 3 feet long, blooming all summer.

DAISY

Daisy, Shasta. Large white flowers, free-blooming, June to September.

DELPHINIUM

35c each; \$3.50 doz; \$25.00 per 100.

Delphinium Belladonna (Eve blooming Larkspur). Beautiful sky-blue color, blooming all summer. Dwarf.

D. *chinensis* (Chinese Larkspur). Deep gentian blue. 2 feet.

D. *English or Gold Medal Hybrids*. Shades of blue. 6 feet.

D. *Formosum*. Deep blue. 18 inches to 2 feet.

DIANTHUS

Dianthus barbatus (Sweet William). In various colors, June to July. 1 foot.

D. *barbatus* (Newport Pink).

D. *plumarius* (Scotch Pink). Sweet scented flowers in great masses of pink, white and magenta. Blooms all summer. 1 foot.

DICENTRA

Dicentra spectabilis (Bleeding Heart). An old-fashioned favorite with purple and red flowers in early Spring. 60c each.

DIGITALIS. Fox Glove

Digitalis gloxiniae alba. White. July. 3 feet.

D. *gloxiniae purpurea*. Purple spotted. July. 3 feet.

DIGITALIS—Continued

- D. gloxiniae rosea.** Pink spotted. July. 3 feet.
D. Grandiflora. Yellow flowers with brownish veins. July and August. 3 feet.
D. mascula superba. Pink. June and July. 18 inches.

EUPATORIUM

- Eupatorium ageratoides** (White Snakeroot). Double white flowers. 3 feet. Fall.

FUNKIA. Day Lily

- Funkia undulata variegata** (Variegated Leaf Plantain Lily). Pale blue flowers in August, and green leaves edged with white. Fine for borders.
F. Sieboldiana (Plantain Lily). Pale blue flowers. July and August.
F. subcordata (White Day Lily). White, very fragrant trumpet-shaped flowers in September. 35c each.

GAILLARDIA

- Gaillardia Grandiflora** (Blanket Flower). Daisy-like blossoms of orange yellow banded with red. Blooms all summer.

GYPSOPHYLLA

- Gypsophylla paniculata** (Baby's Breath). Very minute delicate flowers. Ideal for trimming bouquets. June and July.

HEMEROCALLIS

- Hemerocallis Aurantiaca** (Yellow Day Lily). 2 to 3 ft. June and July.

HIBISCUS

- Hibiscus** (Swamp Rose Mallow). Tall growing like the Hollyhock with immense single blooms in the summer.
 Giant Pink.
 Giant Red.
 Giant White.

IBERIS

- Iberis sempervirens** (Evergreen Candytuft). Very dwarf. Pure white flowers in April or May.

IRIS

- Iris Germanica** (German Iris). In blue, white, and purple with yellow centre. Also the following named varieties. June. 2 to 3 feet.
Mme. Chereau. White edged with blue.
Pallida Dalmatica. Lavender.
Iris Kaempferi (Japanese Iris). Immense flat blooms in many gorgeous colors on stocks about three feet high. Last of June.
Fuki-yose. Light ground color, marbled with aniline blue.
Na-ga-no. Violet purple shaded with blue.

Shuch-iukwa. Crimson purple with white veins and centre.
Yomo-no-umi. Creamy white.

- Iris Siberica** (Siberian Iris). Flowers purple and smaller in size than the preceding. May and June.

LUPINUS

- Lupinus polyphyllus.** Lupine. Blue flowers on long spikes. June to August.
L. polyphyllus alba. White.
L. polyphyllus rosea. Pink.

LYCHNIS

- Lychnis Chalcedonia** (Scarlet Lychnis). Small brick red flowers in June. 2 to 3 feet.

MONARDA

- Monarda didyma** (Cambridge Scarlet). Scarlet flowers from July to September.

MYOSOTIS

- Myosotis palustris** (Forget-me-not). March to August. 9 inches.

PACHYSANDRA

- Pachysandra terminalis** (Japanese Spurge). Evergreen. A low-growing cover plant. White flowers.

PEAONIA. Peony

- One of the most satisfactory of the perennials. Immense double flowers in all colors. Most of them with a delightful fragrance. June.

	Each
Small	\$.50
Medium75
Large	1.00

- Augustin d' Hour.** Dark Rose-red. \$1.25 each.

Edulis superba. Pink.

Felix Crousse. Red.

Festiva Maxima. White with carmine centre.

Louis Van Houtte. Red.

Officinalis rubra. The well known very early double crimson.

Queen Victoria. White.

PAPAYER. Poppy

Papaver nudicaule (Iceland Poppy). Dwarf growing with small flowers in several colors. All summer.

Papaver orientale (Oriental Poppy). Large gorgeous red flowers on 3-foot stems. June.

PHLOX

One of the most beautiful and useful of the border plants. Flowers all summer in large trusses, colors ranging from white to rich crimson, soft pink to bright coral red. Very fragrant.

Athis. Salmon Pink.

Belndere. Cerise.

PHLOX—Continued

Caran d' Ache. Rosy Carmine.
Coquelicot. Orange Scarlet.
Eclairer. Red.
Feu de Monci. Coral Red.
Independence. White.
Lothair. Crimson.
Matador. Cerise.
Mrs. Jenkins. White.
Peach Blow. Pink.
Queen. White.
Richard Wallace. White, large crimson eye.
Selma. Pink with crimson centre.
Sunset. Dark, rosy pink.
Tragedie. Crimson.
Wolfgang. Rosy Red.
Miss Lingard. White with pink eye.
Subulata rosea. Moss Pink.
Subulata alba. White.

POLEMONIUM

Polemonium coeruleum (Jacob's Ladder).
Spikes of sky-blue flowers. June to August. 18 inches.

PRIMULA

Primula veris (English Cowslip). Dwarf yellow flowers blooming in the early Spring. 9 inches.

PHYSOSTEGIA

Physostegia speciosa (American Heather). Tall spikes of pink flowers blooming all summer.

PYRETHRUM

Pyrethrum (Persian Daisy). Single and double mixed in pink, white and red. May and June.

RUDBECKIA

Rudbeckia laciniata (Golden Glow).

SALVIA

Salvia azurea (Rocky Mountain Sage). Tall spikes, 3 to 4 feet high, of small intense blue flowers in August and September.

SEDUM

Sedum spectabilis (Stonecrop). Large flat heads of pink flowers in September. 12 inches.

STOKESIA

Stokesia cyanea (Stokes' Aster). In blue and white flowering varieties. Very double. Early Fall.

THALICTRUM

Thalictrum dipterocarpum (Meadow Rue). Sprays of violet-mauve flowers on tall stems in early summer. 50c each.

TRITOMA

Tritoma Pfitzeri (Red Hot Poker Plant). Rich orange color blooming in the Fall. 30c each; \$3.00 doz. Extra large, \$1.25 each; \$12.50 doz.

VERONICA

Veronica longiflorum subsessilis (Speedwell). Spikes of blue flowers in the Fall. Fine for cutting. 35c each; \$3.50 doz.

V. rupestris. Small blue flowers in June and July. 1 foot.

VINCA

Vinca minor (Periwinkle or Myrtle). One of the best for ground covers with evergreen shiny foliage and small blue flowers. Thrives in the shade.

VIOLA

Violet (Hardy Double Russian). Very early and very fragrant.

Ornamental Grasses

EULALIA

Pennisetum Rueppellanum (Fountain Grass). Grows to a height of about 4 feet with narrow bright green foliage and bronze purple flower heads. 25c and 35c each.

Phalaris arundinacea variegata (Ribbon Grass). Green and white striped foliage. Fine for bouquets. Medium, 50c each; large, 75c each.

Fruit Department

FEW things are more fascinating or satisfying than that of growing fruit for your own use. It requires little attention wisely applied and brings profitable results which increase each year.

Fruit trees and berry plants are best planted in the Spring from the time when the frost leaves the ground until the buds begin to swell; or in the Fall from the beginning of the dormant period—about October 15th—until the ground freezes.

We have an excellent selection, in several sizes, of the fruits best suited for Long Island.
